CARTE POSTALE. POSTKARTE.

The Bank of England is the centre of the world's financial business. It was erected in 1788 after designs by Sir J. Soane, in a Corinthian style of architecture, after the model of the Temple of the Sibyl at Tivoli. The **Royal Exchange** is the third building on this site, the two first having been destroyed by fire. The present building, by Tite, was opened in 1844.
